If willing to volunteer, please answer the following:

How much time? _____

When are you available? _____

What activities: weeding, planting, harvesting, general tasks, coordinate children's garden, activities, other:

The 2012 Dreamcatcher Farm share will be approximately 22 weeks and start in May and extend until October. We strive to provide a balance of fresh vegetables in every distribution. Our fruits and vegetables are pesticide free and nutrient dense, produced using bio-organic cultural practices.

Pick up day is Saturday at our farm stand on Rt. 192 from noon until 5 pm. If you can not make it on pick up day, you may arrange for someone else to pick it up for you. Your share will include one reusable market bag per family. The farm is full of wonder for children of all ages and strives to be a valued part of our community and the family of members who support it.

The price of a full share is \$550. If you wish to share with another family, please have them complete an order form also. We have found the most efficient method to accomplish this is for each member to select their own partner. We can help if you are at a loss. We plan and distribute your produce on a full share basis and therefore find it most equitable if you split your share with your partner. We are in the process of ordering seeds and supplies for the coming season; a \$150 per full share deposit is requested. Payment in installments works for us as long as payment in full is received by mid April. Please complete this form with your check payable to J. Detelj (real name, as bank will not accept a fictitious one!).

Thank you for your support. We look forward to seeing you at the farm.

Shares are transferrable but not refundable.
